IST DIVING SYSTEM

# COMPANY POLICY

## TERMS AND CONDITIONS

- Prices quoted in the Price List are Ex Works, Pomona, CA.
- All prices are subject to change without notice.
- Prices quoted at the time of order will not change even if the item becomes back ordered or closed out.
- A service charge of \$10.00 will be applied on orders less than \$100.00
- Open terms are available to accounts with approved and current credit status.
- Any shipment that is refused without authorization will be charged a 15% restocking fee plus return freight fees.
- All orders for accounts past due will become c.o.d. without notice and are subject to collection fees, court costs and attorney's fees if unpaid.
- Possession of the Price List does not constitute an offer to sell and we reserve the right to accept or reject all orders.

## SHIPPING POLICY

- All c.o.d. charges are the customer's responsibility.
- Merchandise will be shipped via IST's courier account.
- Each shipment should be counted and inspected upon arrival of the merchandise. In the case of a merchandise discrepancy, DO NOT SIGN the receipt and notify IST within 24 hours by phone.
- Customers are subject to pay any extra charges for expedited shipping services.

## FREIGHT ALLOWANCE

Free freight is allowed for shipments on all orders of \$850.00 or more within the contiguous USA (excluding Hawaii, Alaska and Puerto Rico). Free freight for Hawaii is allowed for orders of \$1,500 or more. Expedited shipment costs will be charged for the difference of regular ground shipment. Freight allowance is not valid with any discounts.

## PAYMENT

- Payments will always apply to the oldest invoice first.
- An interest rate of 2% per month (20% APR) will be applied on all past-due balances.
- A service and bank fee of \$50.00 will be charged on any NSF check.
- A credit card authorization form must be completed and approved before shipping out any credit card payment orders.
- For accounts with open terms: if paying by credit card, there will be an additional 5% fee.

## WARRANTY LIMITATION OF WARRANTY

The IST warranty does not cover damage resulting from accident, misuse, abuse, dirt, battery leakage, tampering or servicing performed or attempted by unauthorized service agencies or persons. For regulators and BCDs, the customer must show proof of purchase and the record of annual service in order to qualify for lifetime warranty.

- All IST products have ONE (1) YEAR WARRANTY.
- All technical (tech) BCDs, recreational BCDs and regulators have a limited lifetime warranty only if accompanied by proof

of purchase by the original owner.

- Masks, fins and snorkels are under a THREE (3) YEAR WARRANTY.
- Dealers must maintain a warranty repair facility.
- IST reserves the rights to repair or replace warranty merchandise.
- Warranty will be waived on items being used for rentals.

## RETURN POLICY

- All return or replacement items must be handled through the original point-of-purchase dealership.
- Merchandise will not be accepted without a Return Merchandise Authorization (RMA) number and is to be returned at the customer's expense. The RMA number can only be obtained for the following circumstances: (1) order entry error, (2) shipping error, (3) unused defective merchandise in the original packaging or (4) a qualified warranty return.
- An RMA number MUST be written on the exterior of the returned shipment box. A note describing the reason of return MUST accompany the shipment box.
- All original items must be returned in their original condition (including pairs and sets).
- The RMA Department is responsible for charging for replacement items and crediting and approving returned items
- Unauthorized returns will be automatically returned back to the customer with a 10% reshipping charge plus the additional freight cost or placed in storage at the customer's expense.
- Orders may not be cancelled after shipment has commenced. Authorized returns or exchanges of sellable merchandise will be subject to 15% restocking fee.

## INTERNET POLICY

- Direct catalog marketing/internet dealers must maintain a physical retail dive store.
- Discounts may not mark items down below the Minimum Advertised Price (MAP).
- IST products may be sold on eBay, subject to the following terms:
  - o Products must be listed at or above MAP
  - o Products cannot be listed as auction items
  - o Products cannot be listed as "make an offer"
  - o Seller name appearing on eBay must be the same as IST's registered dealer account
  - o MAP and eBay violations will receive a warning via mail or email to correct the violation; continued violation will result in the termination of merchandise supply
- All products featured in the dealer's catalog(s) or web page(s) must be stocked and displayed in the dealer's store.
- All IST website and catalog content is copyrighted; written consent from IST is required prior to use of any part of the copyrighted materials.
- Internet dealers must maintain minimum annual sales of \$10,000 in IST products.

# COMMERCIAL DIVING

Introducing Dolphin Tech's Commercial Diving Equipment. Dolphin Tech has made a major commitment to the ongoing research and development of commercial diving gear. After years in development, the first Commercial Diving phase has finally been deemed ready and worthy to carry IST's Dolphin Tech logo.

While all diving equipment, including recreational, requires strict adherence to extreme quality, Dolphin Tech's commercial gear undergoes an even more stringent design and manufacturing process, because your life and livelihood depends on it.

As a commercial diver, you know your profession is potentially dangerous—that's the nature of the beast. But while the conditions may be treacherous and unpredictable, you need to ensure that your equipment is a cut above—tough and predictably reliable, dive-in and dive-out. Now you can dive assured with Dolphin Tech's dependable line of Commercial Diving Equipment from IST.

The heart of the new bell harness is the specially-made, ultra-tough and flexible BP5 rubber plate. It is made from top-grade material with two added layers of tear-resistant nylon mesh as reinforcement. There are two sets of vertical cutouts along the center of the plate for the mounting of a bail-out gas supply if necessary (tank straps are available separately).

High-strength nylon webbing straps are secured to the rubber plate by stainless steel rivets.

## HHWB-BELT

### HHWB Rubber Belt

Top-grade rubber material with two added layers of tear-resistant nylon mesh as reinforcement.

Each waist strap comes with two 6 mm hook-up D-rings secured to the lower edge. A large 8 mm emergency hook-up D-ring is riveted to the top of the center strap, located in between the shoulder straps.

## HHBP-II

### Commercial Diving Bell Harness with Rubber Back Plate and Crotch Straps

#### FEATURES:

- Plate thickness: 0.32 in
- Plate reinforcement: nylon mesh (two layers)
- Plate buoyancy: negative
- Dry weight (rubber plate): 750 g (1.65 lb)
- Dry weight (complete): 2.75 kg (6.2 lb) (Size L)
- Webbing: 3.5 mm thick, 2 in wide nylon
- Rivet: stainless steel (36)
- Hardware: stainless steel
- Available sizes: XS-XL

HEAVY-DUTY

HHBP-III

FEATURES:

- Ensures convenient and easy use
- Commercial diving bell harness with rubber back plate and crotch straps
- Marseille-style buckles on crotch straps provide convenient and easy use
- Plate thickness: 0.32 in
- Plate reinforcement: nylon mesh (two layers)
- Plate buoyancy: negative
- Dry weight (rubber plate): 750 g (1.65 lb)
- Dry weight (complete): 2.97 kg (6.7 lb) (Size L)
- Webbing: 3.5 mm thick, 2 in wide nylon
- Rivet: stainless steel (36)
- Hardware: stainless steel
- Available sizes: S-3XL

HEAVY-DUTY

HHBP-V

Commercial Diving Bell Harness

FEATURES:

- Webbing: 3.5 mm thick, 2 in wide nylon
- Rivet: stainless steel (32)
- Hardware: stainless steel
- Available sizes: XS-XL

HHTB

Heavy-Duty 1680D Nylon Tool Bag

- Can be attached to 2 in weight belt
- Tools not included

MV1

Magic Velcro Tape

- Velcro tape helps fix or extend webbing
- Size: 1.5 x 6.25 in
- Available in black or red

COMMERCIAL DIVING WEIGHT BELT SYSTEM

HHWB

**HHWB-SS**

- Shoulder straps for HHWB commercial diving weight belt
- Comes with four stainless steel hangers

**HHWB-W05  
HHWB-W08**

- 5 lb or 8 lb lead weight for HHWB commercial diving weight belt

**HHWB-BB**

- Stainless steel buckle set for HHWB weight belt
- Comes with 4 x 5/8 in screws (HHWB-SCREW1) and two stainless steel plates

**HHWB-SCREW**

- Designed for IST HHWB commercial diving weight belt
- 2 in stainless steel screw and plate sets

**HHWB-BELT**

- Rubber belt of HHWB
- Top-grade rubber material with two added layers of tear-resistant nylon mesh for reinforcement

HEAVY-DUTY

**HHWB-25S  
HHWB-40S**

**FEATURES:**

- Commercial diving weight belt with adjustable shoulder straps
- Comes with 5 x 5 lbs or 5 x 8 lbs environmental protection lead weight
- High-grade rubber weight belt with two added layers of tear-resistant nylon mesh as reinforcement

**MA001 / MA002 / MA003**

**304 Grade Stainless Steel Shackles**

- MA001: 5/8 in width
- MA002: 1/2 in width
- MA003: 3/8 in width

**SP31A / SP32A / SP33A**

**Stainless Steel Clip**

- SP31A Double-End Clip (total length): 4 in
- SP32A Big Clip (total length): 4 in
- SP33A Small Clip (total length): 2.8 in

**SP37A / SP38A / SP39A / SP41A / SP42A**

**316 Grade Stainless Steel Clip**

- SP37A (total length): 3.4 in
- SP38A (total length): 3.1 in
- SP39A (total length): 3.42 in
- SP41A (total length): 4.25 in
- SP42A (total length): 4.3 in

SP39A

SP41A

SP42A

\*SBR-2 x2 Included

### SMB-21/N

Includes SBR-2 X 2

**FEATURES:**

- Complete, modular sidemount bladder diving rig with 21 lbs of lift
- Includes bladder, inflator, harness, tank rigging, crotch straps, chest straps, back plate and bungees
- Bladder constructed of 1680D nylon with TPU coating
- From single-tank recreational to double-tank technical diving
- All metal parts constructed of corrosion-resistant stainless steel

## COMPLETE INTEGRATED SYSTEMS

For low-profile sidemount dives in the tightest spots such as wreck or cave exploration, IST's SMB-21 with 21 lbs of lift fits the profile perfectly. It is a complete integrated system that can be used for warm-water diving with wetsuits and aluminum tanks or cold-water diving with drysuits and steel tanks.

These sidemount bladders are the result of hundreds of sidemount dives in real-world conditions by experienced sidemount divers and cave explorers. IST's SMBs are the lowest profile streamlined buoyancy devices, which provide maximum balance and ideal trim control. With IST's bladders, you move through the water more easily and efficiently.

IST's SMBs are completely scalable from single-tank recreational to double-tank technical and have components that are even compatible with backmount diving. The minimalist harnesses also give more chest room for easier access to attachments and better maneuverability underwater. The SMB-21 is constructed of armor-like 1680 Denier Nylon with a coating of TPU fully shielding them from abrasions, tears and punctures.

### SMB-POUCH

Side-Mount Back Pouch

**FEATURES:**

- Heavy-duty 1680D TPU-coated nylon fabric
- Comes with two stainless steel double-ended clips for side-mount divers
- Designed for one-handed operation
- Simple, roomy and durable

\*SBR-2 x2 Included

### SMB-42/N

Includes SBR-2 X 2, SMB-Plate

**FEATURES:**

- Complete, modular sidemount bladder diving rig with 42 lbs of lift
- Includes bladder, inflator, harness, tank rigging, crotch straps, chest straps, back plate and bungees
- Bladder constructed of 1680D nylon with TPU coating
- Works for various tank designs
- All metal parts constructed of corrosion-resistant stainless steel

### SMB-BUNGEE/L

Bungee Cord for Sidemount Equipment

- Total length: 25.6 in

### SBR2

- For cylinder 7 in-7.25 in
- Webbing: 1 in nylon webbing
- Snaps and cylinder band: stainless steel

### SBR2-1

- For cylinder 5.25 in
- Webbing: 1 in nylon
- Snaps and cylinder band: stainless steel

### SMB-BUNGEE/S

Bungee Cord for Sidemount Equipment

- Total Length: 16.3 in

**Dolphin Tech** technical BCDs are completely modular. Unlike a traditional jacket-style BCD, each part can be replaced individually to modify the existing setup for a particular dive mission or simply personalize the equipment to fit a diver's particular preferences. Most importantly, this feature allows Dolphin Tech to offer different combinations of complete BCDs from a number of different components to suit as many divers as possible.

### JT-65H

#### Stainless Steel Plate & Basic Harness

The JT-65H comes complete with all of the accessories on page 13.

### JT-65D

#### Stainless Steel Plate & Deluxe Harness

The JT-65D comes complete with all of the accessories on page 13.

## 65LB DOUBLE BLADDER TWIN-TANK BCD

Complete BCD with JT-65 horseshoe-style air cell, BP3H twin-tank band sets. Available in two variations.

**1 HB-1**  
Basic Harness & Buckle Set

**2 HB-2**  
Deluxe Harness & Buckle Set

**3 HB-3**  
Crotch Strap Set

**4 HB-4**  
Back Plate Pad & Pouch

**5 HD-30H**  
BCD Handle

**6 JT-WP7 x 2**  
Tech BCD Weight Pockets

**7 BP3-H x 2**  
Twin-Tank Band Set  
7.25 or 8 in diameter.

**8 BP-3**  
Stainless Steel Back Plate

**9 JT-65**  
EXP. Double-bladder air cell, two IF-Tech standard tech BCD power inflators and two LP-BC low pressure hoses

The JT-65 is Dolphin Tech's flagship air cell and it is packed with abundant features. It has perimeter bungee cords which compress the air cell to maintain a hydrodynamic profile when not fully inflated. The outer shell is extremely tough and wear-resistant and gives the best protection under the most trying conditions. There are three sets of marine-grade steel grommets allowing the fine-tuning of tank-BCD-diver positioning. Convenient buoyancy control is provided through carefully positioned pull dumps.

## SINGLE-TANK SINGLE-BLADDER BCD

Complete BCD with JT-30H or JT-40H doughnut style air cell, single-tank adapter and two harness options.

### JT-40H / JT-30H

Stainless Steel Plate & Basic Harness

Components Include:

- 1
- 3
- 4
- 5
- 6
- 7
- 9/10
- 11
- 12

### JT-41H / JT-31H

Aluminum Plate & Basic Harness

Components Include:

- 1
- 3
- 4
- 5
- 6
- 8
- 9/10
- 11
- 12

### JT-40D / JT-30D

Stainless Steel Plate & Deluxe Harness

Components Include:

- 2
- 3
- 4
- 5
- 6
- 7
- 9/10
- 11
- 12

### JT-41D / JT-31D

Aluminum Plate & Deluxe Harness

Components Include:

- 2
- 3
- 4
- 5
- 6
- 8
- 9/10
- 11
- 12

GREAT FOR TRAVEL

1 **HB-1**  
Basic Harness & Buckle Set

2 **HB-2**  
Deluxe Harness & Buckle Set

3 **HB-3**  
Crotch Strap Set

4 **HB-4**  
Back Plate Pad & Pouch

5 **HD-30H**  
BCD Handle

6 **JT-WP7 x 2**  
Tech BCD Weight Pockets

7 **BP-3**  
Stainless Steel Back Plate

8 **BP-4**  
Aluminum Back Plate

9 **JT-30**  
Single-Bladder Air Cell (30 lbf), IF-Tech Standard Tech BCD Power Inflator & LP-BC Low-Pressure Hoses

10 **JT-40**  
Single-Bladder Air Cell (40 lbf), IF-Tech Standard Tech BCD Power Inflator & LP-BC Low-Pressure Hoses

11 **TAD-1**  
Single-Tank Adapter

12 **BP-2x2**  
Tank Belt

### JT-30 Single Bladder / Single-Tank Air Cell

A compact, doughnut-style air cell for use with a single, backmount tank, offering 30 lbf buoyancy in a streamlined design that's only slightly wider than the average diver's own shoulders. Low-pressure BC hose is included.

**FEATURES:**

- Style: circular doughnut
- Buoyancy capacity: 30 lbf
- Bladder material: 420D TPU-coated nylon
- Shell material: 1680D PU-coated ballistic nylon
- Inflator type: 16 in tech elbow
- Number of automatic pressure relief valves/pull dumps: 1 (at left waist side)
- Mounting grommets distance (C-C): 11 in
- Low-pressure BC hose included
- For single backmount tanks only 15 L (100 cu ft) internal volume
- **Available colors: B, BK, R, Y**

## TECH BCD COMPONENTS

### JT-65 Double Bladder Twin-Tank Air Cell

This is Dolphin Tech's flagship air cell and it is packed with abundant features. It has perimeter bungee cords which compress the air cell to maintain a hydrodynamic profile when not fully inflated. The outer shell is extremely tough and wear-resistant and gives the best protection under the most trying conditions. There are three sets of marine-grade steel grommets allowing the fine-tuning of tank-BCD-diver positioning. Convenient buoyancy control is provided through carefully positioned pull dumps.

**FEATURES:**

- Style: horseshoe
- Buoyancy capacity: 65 lbf
- Primary bladder material: 210D TPU-coated nylon
- Redundant bladder material: 210D TPU-coated nylon
- Shell material: 1680D PU-coated ballistic nylon with bungee cord
- Primary inflator type: 16 in tech elbow
- Redundant inflator type: 19 in tech elbow
- Number of primary automatic pressure relief valves/pull dumps: 2 (at left waist and right shoulder, torso side)
- Number of redundant automatic pressure relief valves/pull dumps: 2 (at right waist and left shoulder, tank side)
- Mounting grommets distance (C-C): three sets in total, 11 in apart for each
- Primary and redundant low-pressure BC hoses included
- For twin backmount tank only (twin 15 L [100 cu ft] internal volume)

### JT-40 Single-Bladder / Single-Tank Air Cell

A compact, doughnut-style air cell for use with a single, backmount tank, offering 40 lbf buoyancy in a streamlined design that's only slightly wider than the average diver's own shoulders. Low-pressure BC hose is included.

**FEATURES:**

- Style: circular doughnut
- Buoyancy capacity: 40 lbf
- Bladder material: 420D TPU-coated nylon
- Shell material: 1680D PU-coated ballistic nylon
- Inflator length: 16 in tech elbow
- Number of automatic pressure relief valves/pull dumps: 1 (at left waist side)
- Mounting grommets distance (C-C): 11 in
- Low-pressure BC hose included
- For single backmount tank only (15 L [100 cu ft] internal volume)

**BACKPACKS**

Dolphin Tech also offers individual plate and harness backpack combos. Depending on your need, there are four models from which to choose.

**BASIC HARNESS BACKPACK**

**JTA-1**

Basic Harness (HB-1)  
Aluminum Plate (BP-4)  
Crotch Strap (HB-3)

**JTS-1**

Basic Harness (HB-1)  
Stainless Steel Plate (BP-3)  
Crotch Strap (HB-3)

**GREAT FOR TRAVEL**

**GREAT FOR TRAVEL**

**DELUXE HARNESS BACKPACK**

**JTA-2**

Deluxe Harness (HB-2)  
Aluminum Plate (BP-4)  
Crotch Strap (HB-3)

**JTS-2**

Deluxe Harness (HB-2)  
Stainless Steel Plate (BP-3)  
Crotch Strap (HB-3)

**BP-3**

**Stainless Steel Back Plate**

- Material: 304 stainless steel
- Weight: 4.96 lb
- Mounting hole distance: 11 in
- Strong, rust-resistant
- Forms a part of the weighting system
- Pre-bent anatomical lower corners

**BP-4**

**Aluminum Back Plate**

- Material: 6061 aluminum
- Weight: 1.76 lb
- Mounting hole distance: 11 in
- Lightweight; excellent for traveling
- Strong, rust-resistant
- Forms a part of the weighting system
- Pre-bent anatomical lower corners

The back plate is the heart of a technical buoyancy compensator. It provides the vital connection between a diver and his scuba. Individually press-formed and all edges de-burred, DOLPHIN TECH back plates have 2 in slots for the harness and crotch strap as well as 10 perimeter holes for attaching additional equipment such as stage bottles and canister torch. There are three sets of tank mounting holes along the plate's center line, giving the diver easier options to fine-tune tank-to-torso position.

## HB-1 / HB-1L

### Basic Harness

As simple as it can be, Dolphin Tech's basic harness is reliable, easy to set up and has no superfluous parts to cause failure. It comes with four protective sleeves to cover the webbing where it is threaded through the back plate.

- Total length: HB-1 140 in
- Total length: HB-1L 164 in (2 additional ft)

## HBH-1

### Harness Hose Holder

The holder conveniently keeps the BCD inflator hose close to the diver's torso when used with the Basic Harness.

## HBW-2

### Waist Pad

Comfortable waist pads with webbing keepers and belt loops to securely fasten them to the Deluxe Harness.

## HB-2 / HB-2L

### Deluxe Harness

The Deluxe Harness gives the diver a more comfortable setup than the basic harness. It comes with anatomically shaped shoulder padding and in 2011, waist cushions were added to soften the pressure from the heavy cylinder(s). It also has twin hose holders and four protective sleeves to cover the webbing where it is threaded through the back plate. An extra set of pre-affixed chest D-rings provide additional attachment points for extra gear.

- Total Length: HB-2 126 in
- Total Length: HB-2L 150 in (2 additional ft)

## IF-TECH13/16/19/22

### K-Style BCD Power Inflator

This reliable, precision-engineered standard tech K-style inflator has no unnecessary parts in its elbow connection and keeps the BCD as streamlined as possible.

- Available lengths: 13, 16, 19 and 22 in

### BP-2/I

#### Tank Strap

The strong, lightweight cam buckle can withstand rigorous use. Supple 2 in webbing makes threading an easy task. Fits tanks with a diameter between 6.9 in and 8 in.

### BP-2/S

#### Steel Cam Buckle Cylinder Band

The cam buckle is made from 316 stainless steel. It is high in tensile strength and is resistant to corrosion. This cylinder band is a great upgrade from our standard BP2. Fits cylinders with an outside diameter between 7.25 in and 8 in.

### HB-3

#### Crotch Strap

The soft crotch strap further secures and stabilizes your scuba rig to your torso without causing any discomfort.

### HB-4

#### Plate Pouch

The pouch utilizes the back plate's recess to provide a convenient and streamlined storage space.

### HD-30H

#### BCD Handle

This convenient feature makes attaching your tech BCD to the scuba cylinder an easy task and gives a carrying point for general handling of the BCD.

### HB4-SCREW SET

#### Screw Set

This hardware is used to attach the plate pouch to the back plate. Each pack includes eight screw sets.

### JT-WP-2

#### Back Plate Weight Pouch

This unique weight pouch can be attached to the back plate recess without adding bulk or hydrodynamic resistance. Stainless steel grommets are set 11 in apart. Velcro closure. Works with IST's environmentally-friendly weight bar W-04.

### JT-WP-5

#### Tech BCD Weight Pouch

- Outer pouch material: Heavy-duty 1680D nylon
- Inner pouch material: 420D nylon
- Weight capacity: 4 kg (8.8 lb) per pocket
- Bolts to back plate horizontally

### JT-WP-8

#### Tech BCD Weight Pouch

- Store extra weight on your belt while keeping it out of the way
- 2 kg (4.4 lb) capacity
- Non-diver releasable trim weight pouches for improved weight distribution and balance
- Open corners for drainage
- Heavy-duty 1680D nylon material will prolong usage

### JT-WP-4

#### Tech BCD Weight Pocket

- Exterior material: Heavy duty 1680D nylon
- Interior material: 420D nylon
- Weight capacity: 4 kg (8.8 lb) per pocket

### JT-WP-7

#### Tech BCD Weight Pocket

- Exterior material: Heavy duty 1680D nylon
- Interior material: 420D nylon
- Weight capacity: 7 kg (15.4 lb) per pocket

### W-04

#### Back Plate Weight

- Designed to work with JT-WP2 back plate weight pouch, the lead weight is covered by plastic to prevent the heavy metal from leaking into the environment
- Weight: 1.4 kg (3 lb)

## TAD-1

### Low-Profile Single Tank Adapter

Made from strong, corrosion-resistant stainless steel, the Dolphin Tech Single Tank Adapter is essential when attaching a scuba cylinder to your tech BCD. It is low-profile but creates enough space for a fully inflated air cell to go between the cylinder and the plate. The square mounting holes assist in BCD assembling. Attachment hardware comes with two of each screw, a flat washer, split washer and wing nuts.

#### FEATURES:

- Weight (includes mounting hardware): 0.4 kg (0.88 lb)
- Material: 304 stainless steel
- Mounting hole distance: 11 in

## BP3H

### Twin Tank Band Set

#### FEATURES:

- Material: 304 stainless steel
- Band height: 2 in
- Band thickness: 1.5 mm
- Weight (includes mounting hardware): 1.57 kg (3.46 lb)
- Compatible with: Twin 7.25 in cylinders

## BP3H-8

### Twin Tank Band Set

#### FEATURES:

- Material: 304 stainless steel
- Band height: 1.61 in
- Band thickness: 1.5 mm
- Weight (includes mounting hardware): 1.3 kg (2.8 lb)
- Compatible with: Twin 8 in cylinders

\*The recommended manifold clearance (valves' center to center distance) is 215 mm +/- 3 mm. Each twin band set consists of two bands and stainless steel connecting hardware: two bolts (with welded-on end nut), two aircraft nuts, two winged nuts, two split washers and six washers.

## TSP-2

### Thigh Storage Pouch with Straps

#### FEATURES:

- Woven nylon canvas pocket holds additional dive gear
- Wide top webbing loop for attachment to dive belt
- Two thigh straps with quick-release buckles

## BB3

### Weight Belt Buckle

- 304 stainless steel buckle with secure three-slit design
- Fits 2-inch webbing

## DR-1 (Pair)

### Bent D-ring

- Material: 304 stainless steel
- Thickness: 0.2 in
- Bent angle: 25°
- TIG welded D-rings for superior strength
- Fits 2-inch webbing

## DR-2 (Pair)

### Flat D-ring

- Material: 304 stainless steel
- Thickness: 0.2 in
- TIG-welded D-rings for superior strength
- Fits 2-inch webbing

## DR-4 (Pair)

### Stainless Steel D-Ring

- Material: 304 stainless steel
- Thickness: DR-4 0.23 in
- TIG-welded D-rings for superior strength
- Fits 2-inch webbing

## DR-5

### Stainless Steel D-Ring

- Material: 304 stainless steel
- Thickness: DR-5 0.31 in
- TIG-welded D-rings for superior strength
- Fits 2-inch webbing

## DR-6

### Stainless Steel Webbing Keeper with Sliding Bar

- 316 grade stainless steel
- Ring dimensions: 2.45 x 1.5 in with 4.75-mm thick wire
- Sliding bar dimensions: 2.75 in with 9.5-mm thick wire
- Different from traditional webbing keepers, the unique sliding bar makes it much easier to adjust to all kinds of webbings
- Fits 2-inch webbing

## DR-7

### Stainless Steel Ring

- Multipurpose 316 stainless steel ring
- 2.45 in in diameter with 6-mm thick wire
- Fits 2-inch webbing

## WK-4 (4PC)

### Webbing Keeper

- WK-4 is designed to stop the webbing from moving
- Each has a 0.79 x 2 in wide slots. It has the strength to hold the harness and a heavy equipment load
- Fits 2-inch webbing

## WK-5

### Webbing Keeper

- 304-grade stainless webbing keeper
- Product dimensions: 1.8 x 2.6 in
- Fits 2-inch webbing

**TK-1**

**Tank Knob**

**FEATURES:**

- Material: rubber
- Available in black or green to signify nitrox/oxygen tanks

**YK03**

**DIN-to-Yoke 1st Stage Converter**

**FEATURES:**

- Material: chrome-plated brass
- Compatible with: G5/8 200 bar or G5/8 300 bar DIN first stage connector
- Maximum working pressure: 232 bar (3365 psi)

**YK-06**

**Quick-Connect YOKE with Isolation Cross Bar**

**DC-2P**

**1st Stage DIN Dust Cover**

Available plastic color: BK

**YK04**

**DIN-to-Yoke Tank Valve Converter**

**FEATURES:**

- Material: chrome-plated brass
- Compatible with: 200 bar DIN tank valve with female G5/8 thread

**YK-05**

**Quick-Connect YOKE**

**YK07**

**YOKE Tank Filler Adapter**

**VP-3**

**Yoke Valve Dust Cover**

Available colors: blue, black

**VP4-P**

**DIN Tank Valve Dust Cover**

**FEATURES:**

- 5 ft braided nylon rope in safety-striped
- Available colors: G (metal), BK (plastic)

**RL-1**

**260 Ft Dive Reel**

**RL-2**

**145 Ft Dive Reel**

**RL-3/N & RL-4/N**

**100 Ft Finger Reel & 165 Ft Finger Reel**

**FEATURES:**

- Last 15 ft of bright orange line is designed as a decompression stop reminder for divers
- Comes with marine-grade brass clip
- Strong material with specialized braiding
- Maximum hold dry weight: 176 lb

**RL-5**

**50 Ft Finger Reel**

**RL-6N**

**50 Ft Dual-Color Aluminum Dive Reel**

**FEATURES:**

- Handheld, flared, lightweight aluminum reels with braided, highly visible nylon line
- Last 15 ft of line is bright fluorescent orange, remainder is neon yellow; the new design makes these reels ideal for use in decompression stops
- Braided line is strong enough to hold dry weight 176 lb
- Large center hole can accommodate thick gloves
- Heavy-duty, double-ended 4 in bolt snap in corrosion-resistant 304 stainless steel is included
- RL-6 weighs 8.32 oz RL-7 weighs 10.26 oz

**RL-7N**

**100 Ft Dual-Color Aluminum Dive Reel**

### AW-1 (5PC)

Line Arrow

**FEATURES:**

- Highly visible color makes the arrow easier to spot
- Dimensions: overall length 2.5 in**
- Available colors: Y, W**

### AW-3 (5PC)

Line Arrow

**FEATURES:**

- Three highly visible fluorescent color options for spotting with UV lights in silt-out conditions
- Dimensions: overall length 3.3 in**
- Available colors: F (glow in the dark), NY, W, O**

### JL-1

Jon Line

**FEATURES:**

- Includes 7 ft x 1 in nylon webbing lanyard
- 5 in heavy duty, corrosion-resistant, 4 mm 304-grade stainless steel hairpin hook
- Integrated pouch attaches to BC clip or belt
- Pouch dimensions: 3 x 5 in**

### JL-4

Single Drift Hook

**FEATURES:**

- Hook is constructed of corrosion-resistant stainless steel
- 5 ft braided nylon rope in safety-striped in a highly visible neon yellow

### AW-2 (5PC)

Fluorescent Line Arrow

**FEATURES:**

- Highly visible fluorescent yellow color for spotting with UV lights in silt-out conditions
- Dimensions: overall length 2.5 in**

### AW-4 (5PC)

Round Line Marker

**FEATURES:**

- 3 highly visible fluorescent color options for spotting with UV lights in silt-out conditions
- Dimensions: overall length 2.2 in**
- Available colors: F (glow in the dark), NY, W, O**

### JL-2

Drift Hook

**FEATURES:**

- Includes 7 ft x 1 in nylon webbing lanyard
- Heavy-duty, corrosion-resistant, 304-grade stainless steel hook
- Integrated pouch attaches to BC clip or belt
- Pouch dimensions: 3 x 5 in**

### JL-5

Double Drift Hook

**FEATURES:**

- Double hook is constructed of corrosion-resistant stainless steel
- 5 ft braided nylon rope in safety-striped, highly visible neon yellow

### JL-6

Coiled Drift Hook

**FEATURES:**

- Wire-reinforced coil lanyard with drift hook
- Hook is constructed of corrosion-resistant stainless steel
- Includes large swiveling stainless steel snap clip at one end

### SB-7/R

Surface Marker Buoy with Reflective Tape

**FEATURES:**

- Reusable, sturdy, dual-layer diver surface signal buoy with open bottom and oral inflator
- 210D nylon exterior with 0.1 mm thermoplastic polyurethane (TPU) inner bladder
- Over pressure valve prevents bursting from over inflation; taped edges reinforce outer seams
- High-contrast, bright orange color and 3M-brand, USCG-approved SOLAS tape ensures the buoy is visible for miles in clear conditions and easily spotted by search lights in low-visibility conditions
- Dimensions: 54 x 9.5 in**

### SB-8/Q-R

Surface Marker Buoy with Reflective Tape

**FEATURES:**

- Made from 210D TPU-coated nylon
- Quick-disconnecting metal inflator valve can be inflated with BC hose
- High-contrast, bright orange color and 3M-brand, USCG-approved SOLAS tape ensures the buoy can be spotted for miles in all visibility conditions, from bright sunlight to total darkness
- Dimensions: 45 x 4.7 in**

### SB1

Diver Below Buoy

**FEATURES:**

- Surface Marker with International Dive Flag
- Dimensions: 29 x 14 x 16 in**

## WR-1/F

### Glow-in-the-Dark Underwater Writing Slate

**FEATURES:**

- Comes with a clip for convenient carrying
- Equipped with quick-release buckle
- Charcoal pencil prevents corrosion
- **Dimensions: 5 x 6 in**

## WR-3/F

### Glow-in-the-Dark, Multi-Sided Underwater Writing Slate

**FEATURES:**

- Unique slate with elastic hinge allows extra writing space without losing compactness
- Attach to forearm for streamlining
- Charcoal pencil prevents corrosion
- **Dimensions: 4.1 x 4.7 in**

## WR-7

### Underwater Writing Slate

**FEATURES:**

- Quick-release buckle and clip
- **Dimensions: 11 x 8 in**

## WR1

### Underwater Writing Slate

**FEATURES:**

- Hook-on clip for attachment to belt or BC
- Quick-release buckle for fast retrieval
- **Dimensions: 5 x 6 in**

## WR4

### Underwater Slate with Compass

**FEATURES:**

- White waterproof slate with mounted glow-in-the-dark compass
- Retractable lanyard offers quick access, automatically stows the slate when not in use
- **Dimensions: 2.8 x 8 in**

## WR5-REFILL

### Underwater Notebook Refill

**FEATURES:**

- 25-page refill for IST WR-5 Dolphin Tech Refillable Underwater Notebook
- **Dimensions when open: 7 x 8 in**
- **Dimensions when closed: 7 x 4 in**

## WR3

### Multi-Sided Underwater Slate

**FEATURES:**

- Multi-sided, three-layer waterproof slate with elastic hinge bands for holding selected layer open or keeping closed when not in use
- Velcro strap for secure attachment to arm; four replacement elastic bands and replacement pencil included
- **Dimensions: 4.1 x 4.7 in**

## WR5

### Underwater Notebook

**FEATURES:**

- Underwater notebook with 25 reusable waterproof pages; refills available
- Durable 2250D PU-coated woven ballistic nylon cover
- Clear window pockets on the inner and outer back cover
- **Dimensions when open: 8 x 10 in**
- **Dimensions when closed: 8 x 5 in**

## WR6

### Underwater Slate with Retractor

**FEATURES:**

- Retractor with lockable mechanism to stop the slate from being constantly pulled back while writing
- 6 in ruler stamped along one edge
- **Dimensions: 7 x 5 in**
- **Stainless steel wire length: 18.7 in**

**ON-1**  
Octopus Necklace

- FEATURES:**
- **Colors:** BK, NY
  - Sturdy, stretchy silicone construction
  - **Available in circumference sizes:** S (23.5 in), M (28 in), L (31.5 in)

**MPC**  
Octopus Cover

- FEATURES:**
- Hygienic protection for your mouthpiece
  - Rounded shape accommodates different mouthpiece sizes and shapes
  - Includes swiveling clip for hanging
  - **Available colors:** GN, NY, O

**SFP-2**  
Octopus Plug

- FEATURES:**
- Uniquely designed 2nd stage/octopus breathing passage plug
  - Fits a variety of mouthpieces
  - Equipped with a clip to secure 2nd stage/octopus to BCD D-ring

**K28**  
Technical Diving Knife

- FEATURES:**
- Compact dive knife, dual-edge blade constructed of hard 420-grade stainless steel
  - Includes smooth edge, serrated edge and cutting notch
  - Includes durable nylon sheath
  - **Overall length: 6 in**
  - **Blade Length : 2 3/4 in**

**SFP-1**  
Octopus Plug

- FEATURES:**
- Blocks the opening of any 2nd stage/octopus mouthpiece to keep the internal clean when not in use

**OPRV1**  
Adjustable 1st Stage Over Pressure Valve

- FEATURES:**
- Pressure releases from 11.7 bar (170 psi) and up

**SP7A-1**  
Stainless Wire-Reinforced Coil Lanyard

- FEATURES:**
- Wire-reinforced coil lanyard with quick-release buckle and gate clip, expands to 36 in

**SP-25A**  
Retractable Lanyard

- FEATURES:**
- **Retracted length: 7.15 in**
  - **Maximum extension: 36 in**

**SP36A**  
Quick-Release Buckle

- FEATURES:**
- Quick-release buckle lanyard with gate clip and heavy-duty, locking snap shackle clip
  - **Overall length: 11.8 in**

**SP-8A**  
Stainless Wire-Reinforced Coil Lanyard

- FEATURES:**
- Wire-reinforced coil lanyard with quick-release buckle and two swiveling gate clips, expands to 40 in

**SP6A**  
Coil Lanyard with Clips

- FEATURES:**
- Wire-reinforced coil lanyard with gate clip; extends up to 36 in

**SP2A**  
Clip

- FEATURES:**
- Woven nylon webbed strap with swiveling gate clip adds an attachment point to a diving belt
  - Slides onto belts up to 2 in wide

**LOW-PRESSURE HOSE  
HIGH-PRESSURE HOSE  
BRAIDED LOW-PRESSURE HOSE  
BCD INFLATOR HOSE**

Only a handful of companies boast the state-of-the-art technology to produce hoses of this caliber. Dolphin Tech leads the way with its premier quality, reinforced, double-braided, high-performance hoses for both low- and high-pressure applications.

Our exclusive braided polyester design results in regulator, gauge and BC quick-disconnect hoses that are lightweight and pliable for easy use and comfort underwater. These hoses are engineered to be durable: the braided nylon outer sleeve encases a polyurethane compound liner and polyester inner layer. The result is a hose that's rugged, kink-resistant, impervious to abrasions, and highly resistant to UV rays dive after dive and year after year. It's a hose that travels especially well, with a light weight that ensures less jaw fatigue when used with a regulator or octopus.

Dolphin Tech's regular low- and high-pressure rubber hoses are the workhorses of the line. For divers who insist upon the rugged durability you can find only in rubber, these are definitely the hoses of choice. Rubber hoses weigh a bit more but are virtually indestructible. With proper use and care, these hoses can last a lifetime.

Dolphin Tech features a full line of hose accessories as well, including adapters, hose protectors and wraps for every scuba application and need.

### N7

2nd Stage Swivel

### RA3

Adapter:

3/8 In Male to 1/2 In Female

### RA6

1st stage 90° adapter changes the angle of the intermediate pressure hose, giving the 1st stage better hose routing for streamlining.

### RA9

1st stage 90° adapter changes the angle of the high-pressure hose, giving the 1st stage better hose routing for streamlining. Allows 360° swivel. Chrome brass construction.

### RA12

Adapter:

3/8 In Male to 7/16 In Female

# MUTINEER

Men's Backmount BCD  
Weight-Integrated/Lightweight — 4.9 Lbs  
5-year Warranty

**FEATURES:**

- 4.9 lbs dry weight
- Weight-integrated
- 38 lbs of lift
- Water-activated strobe light compartment
- Trim weight pockets available
- **Available colors: camo and yellow**

**ADDITIONAL FEATURES:**

- Dual cam bands
- Height adjuster strap
- Adjustable sternum strap
- Easy zipper weight pockets
- Flat oval inflator hose
- Signal tube pocket
- 9 D-ring sleeves
- Handle for easy carry

# MIRA

Woman's Backmount BCD  
Weight-Integrated/Lightweight — 4.8 Lbs  
5-year warranty

**FEATURES:**

- Woman's cut
- 4.8 lbs dry weight
- 30 lbs of lift
- Weight-integrated
- Water-activated strobe light compartment
- Trim weight pockets available
- **Available colors: coral and sea**

**ADDITIONAL FEATURES:**

- Dual cam bands
- Height adjuster strap
- Adjustable sternum strap
- Easy zipper weight pockets
- Flat oval inflator hose
- Signal tube pocket
- 9 D-ring sleeves
- Handle for easy carry

**IF-800**  
Inflator Hose  
Length: 17 in  
For J-800 and J-1700

**IF-RIPTIDE**  
Inflator Hose

This reliable, precision-engineered standard tech inflator has no unnecessary parts in its elbow connection and keeps the BCD as streamlined as possible.

Length: 17 in

**BP-1-1**  
Back Plate with Strap

**FEATURES:**

- Back plate with 2 in webbing harness and 304 grade stainless steel buckles

**BCHH**  
Hose Holder

**FEATURES:**

- Can be clipped onto D-rings to arrange hose in a tidy manner and reduce drag

**BCHH-3**  
Hose Holder

**FEATURES:**

- Overall length: 4.5 in
- Three hose holders with clip
- Colors: NY, B, BK

**LJ-300**  
Adult Life Vest

**FEATURES:**

- Made of heavy-duty 210D nylon fabric
- Filled with ultra-high-grade environmentally-friendly EPE foam
- Crotch strap for safety
- Sizes: S-XXL

**LJ100**  
Nylon Jacket

**FEATURES:**

- 210D nylon with TPU coating
- Low-resistance oral inflator
- Rapid release valve
- Buoyancy (medium): 19 lbf
- Buoyancy (large): 27 lbf
- Waist size (medium): 30-52 in
- Waist size (large): 34-62 in
- Adjustable Waist Band

## R860

### Regulator

With full CE certification and performance that is on par with the finest regulators on the market, the R860 is well-suited for stringent cold water, deep dives and demanding profiles. It can also be fine-tuned for smooth, responsive gas delivery in more relaxed conditions.

The R860 is the flagship in IST Sports' Pro Line of scuba regulators, and rightfully so. Its R-8 1st stage is a balanced diaphragm design that's available with an optional environmental kit that prevents freezing when diving in cold-water conditions. There are two high-pressure ports and four intermediate ports mounted on a swivel turret for easy hose routing. On breathing machine simulator tests, the 1st stage is one of the best ever tested by Scuba Diving Magazine's ScubaLab. The O-60 2nd stage is equipped with a metal balancing tube and a pair of user adjustments: the dive/pre-dive thumb lever detunes the regulator to minimize freeflow on the surface; the breathing resistance knob lets you regulate air flow as you descend to deeper depths. Bottom line: the R-860 is designed for divers of all skill levels and for water conditions ranging from tropics to the arctic.

#### FEATURES:

##### R8 BALANCED DIAPHRAGM 1ST STAGE

- High-flow, fast-acting valve system capable of delivering a large amount of breathing gas in an instant, irrespective of breathing demand, cylinder pressure or depth. It has not only passed the stringent CE test but the performance is comparable with the best available
- Four intermediate pressure ports (located in the swivel turret) and two high pressure ports
- Available with YOKE or 300 bar DIN (G5/8) connector
- Anti-freeze models are available separately. Intermediate pressure setting: 9.5-10.0 bar (137-145 psi)
- Ventilation rate: 206 bar (3000 psi); 3820 L/min (135 cu ft/min)

## R-860/5 / R-860N-DIN/5

### Diaphragm Regulator with 5th Intermediate Pressure Port

#### FEATURES:

- Extension design from IST R-8 balanced diaphragm 1st stage with an additional intermediate pressure port (5 ports in total)
- Comes with IST O-60 adjustable balanced 2nd stage
- Also available in DIN (G5/8) connector. (Only anti-freeze model)

## R-8

High-flow, fast-acting valve system that is capable of delivering a large amount of breathing gas in an instant, irrespective of breathing demand, cylinder pressure or depth. It has not only passed the stringent CE test but the performance is comparable with the best available.

#### FEATURES:

- Four intermediate pressure ports (located in the swivel turret) and two high pressure ports
- Available with YOKE or 300 bar DIN (G5/8) connector
- Intermediate pressure setting: 9.5-10.0 bar (137-145 psi)
- Ventilation rate: 206 bar (3000 psi); 3820 L/min (135 cu ft/min)
- Anti-freeze models are available Separately

IDEAL FOR  
RENTAL

R750-DIN

## R750

IST's new R750 was designed and developed with reliability as a main priority. It is simple to use and easy to service. With proper care and maintenance, it gives years of trouble-free diving.

### R7 Piston 1st Stage

- Piston technology has been used in scuba diving for many years now and its longevity lies in its simplistic, bomb-proof design
- This first stage can handle plenty of abuse and is easy for technicians to service
- Available with YOKE or 300 bar DIN (G5/8) connector
- Four intermediate pressure ports and one high pressure port

Intermediate pressure setting: 9.5-10.0 bar (137-145 psi);  
ventilation rate: 206 bar (3000 psi); 3110 L/min (110 cu ft/min)

### FEATURES:

- For water temperature over than 50° F
- CE Certified

## R-7 / R7-DIN

### FEATURES:

- IST's new R750 was designed and developed with reliability as the main priority. It is simple to use and easy to service.
- The proven technology used means with proper care and maintenance, it gives years of trouble-free diving
- Piston technology has been used in SCUBA for many years now and its longevity lies in its simplistic, bomb-proof design
- This first stage can handle lots of abuse and is easy for technicians to service
- Inter. pressure setting @ 9.5~10.0 bar (137~145psi) Ventilation rate @ 206 bar (3000psi): 3110L / min. (110 cuft / min.)
- Available with YOKE or 300BAR DIN (G5/8) connector
- 4 intermediate pressure ports and 1 high pressure port
- For water temperature over than 50° FF
- CE Certified

## O60

### Adjustable Balanced 2nd Stage Scuba Diving Regulator

### FEATURES:

- Can be used in warm or cold water
- Housing interior structured to create a pressure drop just before the mouthpiece; pulls air toward diver's mouth
- Pre-dive/dive switch prevents freeflow at the surface
- Adjustment knob allows for fine-tuning of airflow
- High-spec, large-bore intermediate pressure hose (maximum service pressure at 34.5 bar/500 psi)
- Available in black or yellow

## O10

### Premium Adjustable Scuba Diving Backup Regulator, Octopus

### FEATURES:

- Constructed of a special polymer resin with marine-grade brass housing to reduce weight
- Precision-engineered; neutrally buoyant
- Pre-dive/dive switch prevents freeflow at the surface
- Large, easy-reach side adjustment knob allows fine tuning of air flow
- Includes 36 in high-flow hose specially designed for this regulator

## O50

### Downstream Valve Scuba Diving Backup Regulator, Octopus

**FEATURES:**

- High-volume backup 2nd stage for emergency breathing situations
- Uses the time-proven, easy-to-service down stream valve
- Pre-dive/dive switch prevents freeflow at the surface
- Light action; easy-access purge button
- High-spec, large-bore intermediate pressure hose (maximum service pressure at 34.5 bar/500 psi)
- **Available in black or yellow**

## O20

### Premium Scuba Diving Backup Regulator, Octopus

**FEATURES:**

- Constructed of a special polymer resin with marine-grade brass housing to reduce weight
- Includes 36 in (90 cm) high-flow hose specially designed for this regulator
- Pre-dive/dive toggle switch prevents freeflow at the surface
- Precision-engineered; neutrally buoyant
- **Available in black or yellow**

## OR-4

### 11-Piece O-Ring Kit

**INCLUDES:**

- SPG swivel spool O-rings (2)
- Low-pressure hose female O-rings (2)
- Low-pressure hose male O-rings (2)
- High-pressure hose male O-rings (2)
- Tank valve (YOKE) O-rings (2)
- Silicone grease (2 g)

## OR-5

### 21-Piece O-Ring Kit

**INCLUDES:**

- SPG swivel spool O-rings (4)
- Low-pressure hose female O-rings (3)
- Low-pressure hose male O-rings (5)
- High-pressure hose male O-rings (2)
- Tank valve (YOKE) O-rings (5)
- Tank O-ring (1)
- Silicone grease (2 g)

## SGT-5

### Silicone Spray

**FEATURES:**

- 8.5 oz (250 ml)
- Ideal for lubricating O-rings or other products

## SGT-2

### Silicone Grease

**FEATURES:**

- 2.12 oz silicone grease
- Large volume for shop use

## SGT-04

### Silicone Grease

**FEATURES:**

- 0.53 oz silicone grease tube

**DT-1**  
Diver's Multi-Tool

- FEATURES:**
- Overall length when folded is 4.7 in
  - Includes:
    - Philips screwdriver
    - Flathead screwdrivers (2)
    - Awl
    - Allen keys in 4 mm and 3/16 in (2)
    - Wrenches in 15 mm, 5/8 in, 1/2 in, 9/16 in, 11/16 in and 13/16 in (6)

**DT2**  
Diving Equipment Tool Kit

- TOOL KIT CONTAINS:**
- Knife
  - 5 in nose pliers
  - Awl
  - 1/4 in sockets: 4 mm and 4.5 mm (2)
  - Assorted screwdriver bits (7)
  - 6 in adjustable spanners (2)
  - Zip ties (4)
  - 1/4 in drive
  - Allen keys: 4 mm, 5 mm, 6 mm, and 3/16 in (4)
  - 1/4 in adapter (4)

**DT4**  
Technician's Tool Kit

- TOOL KIT CONTAINS:**
- Allen keys: 4 mm, 5 mm, 6 mm, 8 mm, 3/16 in (5)
  - Adjustable spanner
  - Philips-head screwdriver
  - Flat head screwdriver
  - 2nd stage 4-slot tool
  - 2nd stage orifice adjustment tool
  - 1st stage pin spanner
  - 1st stage handle (to connect to low-pressure port and high-pressure port)
  - 1st stage face tool
  - Tank valve knob screwdriver
  - BCD low-pressure hose valve tool
  - Pointed C-clip pliers
  - Awl
  - Zip ties (5)
  - Knife
  - O-ring hooks (3)
  - O-rings for: 1st stage LP port / 1st stage HP port / 2nd stage LP hose / BCD LP hose valve / yoke or DIN tank valve (5)
  - Silicone grease

- DT5**  
Mini Tool
- FEATURES:**
- Allen keys in 1/4 in, 3/16 in, and 5/32 in (3)
  - Orifice-adjustment flathead screwdriver
  - O-ring pick
  - Inflator schrader valve tool
  - Phillips-head screwdriver
  - Valve nut slotted screwdriver
  - Overall length: 2.35 in when folded

**DT-6**  
Yoke Tool for R-7 1st Stage Regulator

**DT-7**  
Yoke Tool for R-8 1st Stage Regulator

**DT4-01**  
Allen Keys

- Comes in 4 mm, 5 mm, 6 mm, 8 mm, and 3/16 in

**DT4-OT4**  
Brass O-Ring Tool Kit

- Comes in 3 different styles

**DT4-07**  
1st Stage Regulator Pin Spanner

**DT4-02**  
Tank Valve Knob Screwdriver

**DT4-05**  
2nd Stage 4-Slot Tool

**DT4-08**  
1st Stage Regulator Handle

**FEATURES:**

- Connects to low-pressure or high-pressure ports
- Helps to keep 1st stage steady while performing maintenance

**GP-15****Mini SPG Pressure 5000 PSI Gauge****FEATURES:**

- Extremely low drag and lightweight
- Maximum pressure: 5000 psi
- Luminous 2 in dial face
- Encased in a durable boot
- Includes a protective pouch

**GP-16****Pony Bottle Gauge****FEATURES:**

- Maximum pressure: 350 bar (or 5000 psi)
- Small and compact; weighs only 1.40 oz
- Fluorescent gauge face
- Comes equipped with a high-pressure O-ring for immediate installation

**GP-23****Wrist Compass****FEATURES:**

- Rotating bezel with luminous face
- Side window for easy reading
- Durable boot with wrist strap
- Oil-filled for maximum sensitivity and accuracy

**GP-25****Pressure Gauge****FEATURES:**

- Glow in the dark face with 5000 PSI reading
- Comes with 6 in high pressure hose
- Includes a protective pouch

**GP500****Mini Triple Gauge Console PSI Depth with Compass****FEATURES:**

- Mini pressure gauge and depth gauge console; compass on reverse side
- Large compass with bezel and side window for easy reading
- Maximum depth reading: 200 ft
- Maximum pressure reading: 5000 psi; glow-in-the-dark gauge faces
- Durable TPR boot
- Includes a protective pouch

**GP-9200****Triple Gauge Console****FEATURES:**

- Multicolor markings for easy reading
- Glow-in-the-dark gauge faces
- Large compass with bezel and side window
- Maximum depth: 230 ft
- Maximum pressure: 5000 psi
- Durable boot
- Includes a protective pouch

### CT-1

#### Premium DIN Tank Pressure Checker with Gauge

**FEATURES:**

- DIN (300 bar, G 5/8) tank pressure checker — essential safety equipment
- Easy-to-read, multicolor gauge
- Fits standard size coupling
- Integrated bleeder valve
- Trusted by professional and tech divers

### CT-2

#### Premium Yoke Tank Pressure Checker with Gauge

**FEATURES:**

- Yoke (4000 psi) tank pressure checker — essential safety equipment
- Easy-to-read, multicolor gauge
- Fits standard size coupling
- Oil injection ensures maximum accuracy
- Trusted by professional and tech divers

### CT-3

#### Rugged Intermediate Pressure Checker with BC Hose Connector

**FEATURES:**

- Essential safety and maintenance equipment
- Low-pressure check gauge
- Easily check regulator intermediate pressure
- Reads up to 300 psi
- Protective rubber boot

### CT-4

#### Intermediate Pressure Checker with Pressure Release Valve

**FEATURES:**

- Low-pressure check gauge—essential safety equipment
- Includes BC hose quick disconnecter
- Built-in pressure release valve
- Reads up to 300 psi
- Protective rubber boot

### CT-6

#### Regulator 2nd Stage Calibration and Service Tool

**FEATURES:**

- Intermediate pressure gauge
- Used for adjusting 2nd stage air inlet
- Works with hexagonal or flat head attachment
- Simple operation
- Essential safety equipment

### CT-7

#### Quick-Connect YOKE Tank Pressure Gauge

### YK03

#### DIN-to-Yoke 1st Stage Converter

**FEATURES:**

- Material: chrome-plated brass
- Compatible with: G5/8 200 bar or G5/8 300 bar DIN first stage connector
- Maximum working pressure: 232 bar (3365 psi)

### YK04

#### DIN-to-Yoke Tank Valve Converter

**FEATURES:**

- Material: chrome-plated brass
- Compatible with: 200 bar DIN tank valve with female G5/8 thread

### YK-05

#### Quick-Connect YOKE

### YK-06

#### Quick-Connect YOKE with Isolation Cross Bar

### YK-07

#### YOKE Tank Filler Adapter

**SPARE AIR** is the smallest redundant scuba system available with enough air to get you to the surface in an out-of-air emergency. The patented SPARE AIR should be a standard piece of scuba diving equipment for the safety-minded diver. Explore the wealth of information about our product and diving in general. Our goal is to convince you to save your own life in an out-of-air emergency.

**SPARE AIR SPECIFICATIONS**

MODEL NUMBER	DESCRIPTION
003DGS	Dial Gauge Pressure Indicator (3000 psi)
094X	Overhaul Kit (Includes poppet, poppet seat, 4 #015 O-rings, filter, burst disc, nylon washer, tank O-ring, VIP sticker and check valve stem with O-ring)
910S	Scuba Tank Refill Adapter - Yoke Style (fills Spare Air unit from any standard scuba tank)
920C	Air Compressor Refill Adapter
961	Safety Leash
963	Travel pack includes durable plastic carrying bag. Three extra tank O-rings, protective caps for both the regulator and cylinder threads and silicone lube
971	Holster for 1.7 cu ft units
973	Holster for 3.0 cu ft units
974	Neoprene vest with mouthpiece cover/lanyard for 1.1 and 1.7 cu ft units. One size fits all
BAG	Special Air-Carrying Bag

**DC-2P**  
 • Colors: Plastic: BK

**VP-3**  
 • Colors: B, BK

**TP-1**  
**FEATURES:**  
 • Minimizes scuffing on tank surface  
 • Fits tank with diameter between 6.9-7.25 in  
 • Colors: B, BK, NY

**TH-1**

**VP-4P**  
 • Colors: BK, G

**TA-NY**  
**FEATURES:**  
 • For underwater use. The super-stretchy silicone band can wrap around any dive cylinder from 6 in and up. The hard plastic ball can be pulled and released, producing noise to attract attention.

**TB1**

**FEATURES:**  
 • Fits tank with Ø 7.25 in  
 • Drainage channels and holes

**TB2**

**FEATURES:**  
 • Fits tank with Ø 7.25 in  
 • Drainage channels and holes

**KC01A**  
**FEATURES:**  
 • O-ring hook included  
 • O-ring includes:  
 • Ø 11 mm x 2.4 mm (1)  
 • Ø 14 mm x 2.4 mm (3)  
 • Colors: B, G, SV

M27R

## M27

### TORTUGA Traditional Oval Single-Lens Mask

**FEATURES:**

- Classic, traditional single lens mask in retro oval shape
- Tempered-glass, scratch-resistant window for clarity and safety
- Liquid-injected silicone skirt and strap for comfortable seal
- Easily adjustable buckles and strap for precise fit
- Great underwater photography mask; a favorite among diving traditionalists
- Available in clear silicone or rubber

M37-BS

## M37

### PEGASUS Full-Face 2-Window

**FEATURES:**

- No need to bite onto mouthpiece; eliminates jaw fatigue and/or denture slippage
- Multi-strap adjustment comfortably fits all adults; easy nose access for equalization
- All-environment full face mask
- Allows for the attachment of most types of regulators
- Tempered-glass lenses for maximum strength and clarity
- Available in black silicone or rubber

M37-R

Sturdy mask packaging boxes and pouches. Great for product presentation and personal equipment storage.

### SN-203

#### Dry-Top Snorkel for Scuba Diving and Snorkeling

**FEATURES:**

- Float buoy plus pivot valve design prevents water from entering the tube when submerging
- Covered top prevents water from splashing in while at the surface
- Hypoallergenic, high-grade silicone mouthpiece with bite tabs for comfort and reduced jaw fatigue
- Flexible center hose ensures the snorkel falls away from the face when mouthpiece is released
- Quick-release swiveling snorkel holder
- **Available colors: BK, CB, NY**

Pat Dry Top System

## SN204

### Dry-Top Snorkel for Scuba Diving and Snorkeling

The next generation of our popular SN-203 snorkel includes a totally redesigned, patent-pending dry top. SN-204 employs a precision-engineered hinge system and more rounded float to prevent unintended blockage of the airway at the surface while still keeping water out when submerged.

**FEATURES:**

- Covered top prevents water from splashing in at the surface
- Hypoallergenic, high-grade silicone mouthpiece with bite tabs for comfort and reduced jaw fatigue
- Flexible center hose ensures the snorkel falls away from the face when the mouthpiece is released
- Quick-release, swiveling snorkel holder
- Generous purge chamber and valve
- **Black silicone color option available**

## CWSS0130

2.5 mm All-Purpose Adult Tropical/ Temperate Watersport Shorty

**FEATURES:**

- Nylon II stretchy neoprene is flexible and insulating
- Flatlock stitching throughout prevents chafing
- Flexible reinforced shoulder panels add extra durability in a high-wear area
- Multi-panel, formfitting construction for comfort and mobility
- Super-stretch panels at armpit increase range of motion
- **Available sizes: men's S-4XL, women's 3-15**
- **Available colors: B, P**

## WSS0150

Adult 5 mm Neoprene Front Zipper Shorty with Super-Stretch Panels

**FEATURES:**

- 5 mm neoprene front zipper shorty; a great choice for suit layering
- Super-stretch armpit panels for uninhibited movement
- Heavy-duty, corrosion-free #10 YKK zipper at the front for extra-easy donning and doffing
- Zipper gusset and double blind-stitching throughout to reduce water seepage
- Snug, performance-enhancing fit; anti-abrasion shoulder surface
- **Available sizes: men's S-4XL, women's 5-13**
- **Available colors: BK**

## DH-2

Diver's Holster

**FEATURES:**

- Made from 3mm neoprene
- Gives extra storage space to carry additional gear
- Additional D-rings served as the extra attachment points
- #10 rust-proof YKK zips
- **Available sizes: S/M, L/XL, XXL**

IDEAL FOR RENTAL

## CWSJ0125

2.5 mm Warm-Water Jumpsuit with Super-Stretch Panels

**FEATURES:**

- 2.5 mm Nylon II stretch neoprene construction for flexibility and insulation
- Flatlock stitching throughout prevents chafing
- Flexible reinforced knee pads for extra durability in high-wear areas
- Multi-panel, formfitting construction for comfort and mobility
- Super-stretch armpit panels for unrestricted movement
- **Available sizes: men's S-2XL, women's 5-13**
- **Available colors: B, BK**

PG-WJ0125

## PG-WJ0125 / WJ0125

  - Velcro wrist straps ensure the best, non-slip fit
  - Mesh drawstring storage bag with locking toggle included
  - **Available sizes:** XS - XXL

## S660

5 mm Nylon II Neoprene Glove with Grip Dot Surface

- FEATURES:**
- 5 mm nylon II neoprene construction for stretch and warmth
  - Grip dot pattern on palm prevents slippage
  - Double-seal Velcro wrist strap with super-stretch gusset for a custom, non-slip fit
  - Extra long design at wrist and cuff area for better seal to reduce water seepage
  - Mesh drawstring storage bag with locking toggle included
  - **Available sizes:** S-XXL

## S680

5 mm Neoprene Kevlar-Reinforced Fabric Lined Glove

- FEATURES:**
- Kevlar surfaces protect hands from cuts, punctures and bites, and provide added grip
  - 5 mm fabric-lined neoprene for stretch and warmth
  - Velcro wrist strap for a custom, non-slip fit
  - A great safety glove spearfishing or tech, wreck or reef diving
  - Ideal for warm to cool water conditions
  - **Available sizes:** XS-XXL

**SUPER STRETCH**

## S326

2.5 mm Formfitting Super-Stretch Neoprene Gloves with Grip Dots

- FEATURES:**
- Super-stretch neoprene gloves for divers, snorkelers and all watersports in 2.5 mm thickness
  - Help keep hands warm in temperate to cool water conditions without limiting mobility
  - Formfitting and comfortable, will not hinder use of fingers and thumb
  - Surface grip dots provide traction to hold on to slippery or smooth objects
  - A glove that balances warmth, comfort and range of motion
  - **Available sizes:** XS/S, M/L, XL/XXL

## S780

3 mm Neoprene Kevlar-Reinforced Fabric Lined Glove

- FEATURES:**
- Kevlar surfaces protect hands from cuts, punctures and bites, and provide added grip
  - 3 mm fabric-lined neoprene for stretch and warmth
  - Velcro wrist strap for a custom, non-slip fit
  - A great safety glove spearfishing or tech, wreck or reef diving
  - Ideal for warm to cool water conditions
  - **Available sizes:** XS-XXL

IDEAL FOR RENTAL

## BT0430

## LB50-Q / LB100-Q

### IST Lift Bag: Dump Valve, Self-Seal, Combo Oral/BCD Inflator

With a 3-D cutting, Dolphin Tech's lift bag is stable when deployed. It has a self-sealing gas entrance which prevents accidental loss of buoyancy. An automatic dump valve located on top provides ascent speed control and prevents over-pressure damage. Two bungee loops at the top can be used to roll up the lift bag for storage purposes.

#### FEATURES:

- Durable TPU-coated, 210D Nylon bag with sturdy webbed straps, self-sealing gas chamber
- Cylindrical shape when inflated offers increased stability
- Combo oral/BCD inflator, overpressure relief valve with pulling cord
- Lift capacity: 50 lb / 100 lb
- Rolls up and secures with two bungee loops for compact storage

## SBA-1

### 33.5 In Torpedo Buoy with Flag for Spearfishing and Drift Diving

#### FEATURES:

- Torpedo shape minimizes drag in the water; included flag increases visibility
- Bottom pocket with Velcro closure for insertion of dive weights
- Multiple attachment points are provided for sign stringers, D-rings and snap hooks
- Includes 30 ft of high-visibility PE line with corrosion-resistant stainless-steel clips

## BG01

### Extra Long Freediving/Spearfishing and Scuba Gear Bag

#### FEATURES:

- Totally redesigned for maximum comfort while carrying
- Large main compartment
- Internal straps to hold fins securely
- Drainage holes promote rapid drying and prevent mildew
- Rugged 840D nylon fabric; sturdy webbed handles
- **Dimensions: 37 x 11.8 x 14.2 in**

## BG04

### Freediving Backpack

#### FEATURES:

- Constructed with heavy-duty 600D PU-coated polyester
- Foam-molded back pad and shoulder straps provide comfortable weight displacement
- This small backpack with a dimension of **13 x 14.2 x 18.5 in** yet it is still roomy enough for all of your spearfishing gear
- Extra straps to hold your fins and spearguns easily
- Two front pockets for keys, phones and wallets

## BG03

### Heavy-Duty Roller Backpack

Telescopic handle can be stowed away when not in use. Super light but durable polyester fabric makes the bag suited for traveling and it weighs only 11 lb.

#### FEATURES:

- Accommodates two sets of adult BCDs, two sets of regulators, two adult 7 mm full wetsuits, two pairs of adult booties, two pairs of military-style rubber fins and more
- Silent shock-absorbing wheels; telescopic handle; adjustable, padded shoulder straps instantly convert this roller bag to a backpack
- **Dimensions: 27.25 x 16 x 17 in with a capacity of 131 L; weighs 11 lb**

## BG-05

### Lightweight Rolling Dive Bag

#### FEATURES:

- Made of durable 600D polyester fabric
- Adjustable padded shoulder straps for secondary use
- Telescopic handle can be stowed away when not in use
- Capacity: 103 L
- Weight: 8.8 lb
- **Dimensions: 28.35 x 15.75 x 14.15 in**

### T-60

#### Apollo LED Torch

**FEATURES:**

- Five modes: high, mid, low, SOS, off
- Magnetic power switch
- Lightweight 6061-T6 aluminum material
- Light diffuser attachable
- Patented built-in sliding light diffuser
- Battery is not included

TECH SPECIFICATIONS	
BULB TYPE	CREE XM-L2 U3 (1)
BRIGHTNESS	1200 lm
BURN TIME	2-10 hours
MAXIMUM DEPTH	328 ft
WEIGHT (DRY)	116 g / 0.26 lb (without battery)
BUOYANCY	Negative
BATTERY TYPES	18650 rechargeable Li-ion (1) OR CR123A primary lithium batteries (2)

### T101

#### Heavy-Duty Rechargeable Lantern Style Compact LED Dive Torch

**FEATURES:**

- Rechargeable LED dive torch in a rugged, anodized aluminum casing with lantern-style handle
- Switch lock prevents accidental activation to preserve battery life
- Double O-ring seal, waterproof to a depth of 328 ft
- Unscrew the main body to reveal interior charging port (charging cable included)
- Great for use as rental equipment

TECH SPECIFICATIONS	
BULB TYPE	3 High-Power LEDs
LED LIFE	+10,000 hrs
COLOR TEMP.	5500 K
BRIGHTNESS	660 lm
BURN TIME	3+ hrs
CHARGING TIME	Approx. 10 - 12 hrs
MAX. DEPTH	328 ft
WEIGHT	1.8 lb
BUOYANCY	Negative
BATTERY TYPE	Rechargeable lithium-ion, 4.2 V x 10400 mAH
BATTERY LIFE	Up to 300 recharging cycles

### T16

#### High-Powered LED 3 W Dive Torch

**FEATURES:**

- 220 lm dive torch with approximate 8 hr burn time
- Rated waterproof to a depth of 197 ft
- Switch lock prevents accidental activation
- Includes toggle-lock leash with cushioned wrist sleeve
- Battery is not included
- **Dimensions: 6.2 x 2.4 x 2 in**
- **Available colors: BK, O**

TECH SPECIFICATIONS	
LED LIFE	+10,000 hours
COLOR TEMP.	5500 K
BRIGHTNESS	220 lm
BURN TIME	Approx. 8 hrs
MAX. DEPTH	197 ft
WEIGHT	0.36 lbs without battery
BUOYANCY	Positive
BATTERY TYPE	3 C-Size batteries

## T1000

### ORION1000+s Premium Color Correcting, Multi-Mode LED Dive Torch

**FEATURES:**

- 700 lm, Color Rendering Index (CRI) of 80 and 3500K light color temperature reveal true colors at depth
- 5 operation modes, including SOS and Flash
- Waterproof to depth of 330 ft
- Single pushbutton control with multicolor battery indicator light ring
- 100 min burn time at 100% power on a full charge
- Battery is not included

## LS3

### Dive Strobe

**FEATURES:**

- Handy strobe with back up LED torch
- The strobe's flash is highly visible, even over long distances
- Operates on three AA batteries
- Maximum 24 hours of continuous strobe signaling
- Waterproof to depth of 130 ft
- Battery is not included

## LS12

### Dive Beacon

**FEATURES:**

- Available colors: B, R, GN, Y
- Comes with lanyard and batteries

**LS12 TECH SPECIFICATIONS**

BATT. TYPE	3 x G13A
WEIGHT	0.04 lbs (dry)
BURN TIME	72 hrs
DIMENSIONS	1.77 x 0.87 in

## T-50

### Dive Strobe

**FEATURES:**

- One-piece main torch body design
- Two O-rings provide a sealed construction
- Three modes of operation
- Battery is not included
- Available colors: MK, R

**T-50 TECH SPECIFICATIONS**

BULB TYPE	CREE XM-L2 U2 LED
LED LIFE	50,000 hrs
MAX. OUTPUT	800 lm
BURN TIME	2-8 hrs
MAX. DEPTH	328 ft
WEIGHT	120 g (0.27 lb) without battery
BYOYANCY	Negative
BATTERY TYPE	2 x CR123A primary lithium batteries or 1 x 18650 rechargeable lithium-ion battery
Beam Angle	15 degrees

## K25

### Knife Scissors

**FEATURES:**

- 420-grade stainless steel with pointed-tip blade
- Rubber knife straps included
- Easy one-hand operation
- Dimensions: 11 in

## K40

### Folding Knife

**FEATURES:**

- Foldable 420-grade stainless steel BC knife
- Includes lanyard
- Dimensions:
  - Extended: 28.25 in
  - Folded: 4.7 in

## K02

### Stainless Steel Dual-Edge Dive Knife with Quick-Release Case

**FEATURES:**

- Value-priced dive knife with high-end knife features
- Hard 420-grade stainless steel blade stands up to repeated sharpening
- Full tong design for strength and durability
- Includes smooth edge, serrated edge and cutting notch
- Case with quick-release tab for one-handed operation and rubber knife straps included
- **Overall length: 10 3/4 in**
- **Blade length: 5 3/4 in**
- **Available colors: CB, MK**

## K10

### Dual-Edge Pointed-Tip Dive Knife with One-Hand Quick-Release Case

**FEATURES:**

- Pointed-tip dive knife, dual-edge blade constructed of hard 420-grade stainless steel
- Includes smooth edge, serrated edge and cutting notch
- Sharp, curved tip for getting into and under stubborn entanglements
- Contoured handle with thumb guard
- Case with quick-release tab for one-handed operation and rubber knife straps included
- **Overall length: 9 1/4 in**
- **Blade length: 4 1/4 in**
- **Available colors: BK, C, B**

## K30

### Titanium BC Knife

**FEATURES:**

- Compact dive knife, dual-edge blade constructed of high-grade #6-4 titanium
- Offers a smooth edge, serrated edge and cutting notch
- Pointed tip for prying or loosening tightly wound entanglements
- Contoured handle with recessed center for grip
- Includes durable nylon sheath; can be mounted upside down on BCD shoulder strap or stored in BCD pockets
- **Overall length: 5 3/4 in**
- **Blade length: 2 3/4 in**
- **Available colors: B, BK, GN**

## K21

### Dual-Edge Spearfishing Knife with One-Hand Quick-Release Case

**FEATURES:**

- Needle point knife constructed of hard 420-grade stainless steel
- Includes full-length smooth edge, serrated section and cutting notch
- Sharp tip for quickly dispatching speared fish or game
- Contoured handle with thumb guard
- Case with quick-release tab for one-handed operation and rubber knife straps included
- **Overall length: 8 3/4 in**
- **Blade length: 4 1/4 in**

## K28

### Technical Diving Knife

**FEATURES:**

- Compact dive knife, dual-edge blade constructed of hard 420-grade stainless steel
- Includes smooth edge, serrated edge and cutting notch
- Includes durable nylon sheath
- **Overall length: 6 in**
- **Blade Length : 2 3/4 in**

## KB01 (PAIR)

### 17.7 In Rubber Knife Strap

## WR-1/F

### Glow-in-the-Dark Underwater Writing Slate

**FEATURES:**

- Comes with a clip for convenient carrying
- Equipped with quick-release buckle
- Charcoal pencil prevents corrosion
- **Dimensions: 5 x 6 in**

## WR-3/F

### Glow-in-the-Dark, Multi-Sided Underwater Writing Slate

**FEATURES:**

- Unique slate with elastic hinge allows extra writing space without losing compactness
- Attach to forearm for streamlining
- Charcoal pencil prevents corrosion
- **Dimensions: 4.1 x 4.7 in**

## WR-7

### Underwater Writing Slate

**FEATURES:**

- Quick-release buckle and clip
- **Dimensions: 11 x 8 in**

## WR1

### Underwater Writing Slate

**FEATURES:**

- Hook-on clip for attachment to belt or BC
- Quick-release buckle for fast retrieval
- **Dimensions: 5 x 6 in**

## WR4

### Retractable Lanyard Underwater Slate with Glow-in-the-Dark Compass

**FEATURES:**

- White waterproof slate with mounted glow-in-the-dark compass
- Retractable lanyard offers quick access, automatically stows the slate when not in use
- **Dimensions: 2.8 x 8 in**

## WR5-REFILL

### Underwater Notebook Refill

**FEATURES:**

- 25-page refill for IST WR-5 Dolphin Tech Refillable Underwater Notebook
- **Dimensions when open: 7 x 8 in**
- **Dimensions when closed: 7 x 4 in**

## WR3

### Multi-Sided Underwater Slate

**FEATURES:**

- Multi-sided, three-layer waterproof slate with elastic hinge bands for holding selected layer open or keeping closed when not in use
- Velcro strap for secure attachment to arm; four replacement elastic bands and replacement pencil included
- **Dimensions: 4.1 x 4.7 in**

## WR5

### Dolphin Tech Refillable Underwater Notebook

**FEATURES:**

- Underwater notebook with 25 reusable waterproof pages; refills available
- Durable 2250D PU-coated woven ballistic nylon cover
- Clear window pockets on the inner and outer back cover
- **Dimensions when open: 8 x 10 in**
- **Dimensions when closed: 8 x 5 in**

## WR6

### Underwater Slate with Locking Retractor and Ruler

**FEATURES:**

- Underwater slate with locking retractable line
- 6 in ruler stamped along one edge
- **Dimensions: 7 x 5 in**
- **Stainless steel wire length: 18.7 in**

### CPR

#### CPR Pocket Resuscitator Mask

**FEATURES:**

- Allows mouth-to-mouth resuscitation without physical contact
- Made from hypoallergenic silicone
- Separate oxygen tube inlet
- Includes protective case

### H3

#### Wetsuit Hanger

**FEATURES:**

- Flexible arms can be shaped for suit hanging
- Padded contact surface to prevent creasing or marking while hanging
- Hook can be disassembled to save storage space

### H6

#### Diving Equipment Hanger

A versatile hanger that can be used to hang equipment such as a BCD, regulator, gloves or boots.

### H7

#### 2-In-1 Drying Hanger

**FEATURES:**

- 2-in-1 hanger for post-dive drysuit and regulator drying
- Lightweight structure yet ultra-strong.
- Built-in dummy cylinder valve for easy regulator attachment (DIN/yoke compatible)
- Can be disassembled to save storage space

### CAP7

#### IST Baseball Cap

### LJ-400

#### Youth Life Vest

## IF-O

### Inflator Octopus

IST's newest released high-performance second stage regulator combined with power inflator. IF-O is set in front of you, unlike a traditional octopus, and can be reached at any time when emergency.

#### FEATURES:

- Coupled with our high-spec, large bore intermediate pressure hose. Max. service pressure @ 34.5bar (500psi).
- Ultra soft front cover allows you to reach the purge button easily.
- Cracking pressure setting @ 1.4-1.6 inch of water.
- Max. service intermediate pressure @ 10bar (145psi).
- Designed to fit 3/4" rubber inflator corrugated hose.

## IFO-38A

### Adaptor

Adaptor for 1ST I F-O inflator octopus with 1" corrugate hose.

## SK-9

### 3mm Freediving boat socks

#### FEATURES:

- 3mm ultra high-grade neoprene lined with smooth skin outside.
- Design to be worn with freediving fins to make you to fit the foot pocket more to reduce unnecessary effort to be put in kicking.
- Blind-stitching technology sealed with rubber glue to block the water outside.
- Boat socks design to make your legs look longer with elegance lines.
- Anti-slip dots at soles.

Sizes	XS	S	M	L	XL
US	4-6	6-8	8-10	10-12	13
EUR	34-38	38-41	41-44	44-47	48
CM	22-24	24-26	26-28	28-30	31

Towel Fabric  
(Excellent comfort & keeps warm)

Inside the sock

Open cell  
(Prevent the sock from falling off)

## FD-BUOY

### Freediving Buoy

#### FEATURES:

- 15" inner diameter Freediving Buoy made from heavy duty 600D PU coated polyester fabric for outer shell; ultra high-grade rubber for inner tire
- 6 handles located around the buoy allows several divers to use at the same time
- 2 stainless steel D-ring at sides of the buoy for connecting with other buoys if necessary
- 2 YKK #10 zips at front cover for easy operation and also prevent stuffs from falling out
- 4 stainless steel grommets at bottom to drain water
- 2 stainless steel D-rings are fixed at bottom with extra durable 2" polyester webbing for divers to connect weight and rope; max. dry weight loading 300KG (660lb)
- Comes with a tire inflation adapter can be connected to a BC hose

2 shoulder straps designed for easier carrying

Comfortable hand grip

D-ring for rope storage

## FD-R/50M

### Freediving Static Rope in 50 Meters (164 ft)

#### FEATURES:

- 10mm in rope diameter / 50 meters (164 ft) in total length
- Static elongation of the rope <5%
- Neon color designed for better visibility underwater
- The rope holds up to 1800Kgs (3,968lbs)

## FD-IT/15

### Inner Tire

#### FEATURES:

- High quality natural rubber compounded with special formula makes the tire more durable than other rubber products
- Comes with US standard TR-15 valve, can be inflated with bicycle inflator or IST N-8
- Dimension: Inner Diameter: 390mm (15.35")

Otter Diameter: 750mm (29.53")

## N-8

### Tire Inflator

#### FEATURES:

- Copper chrome plating covered by aluminum alloy
- QD connector design for BC hose
- With this inflator, FD-IT/15 inner tire can be fully inflated in 15 seconds

Can be carried as shoulder bag

Opened: 105cm x 125cm (41.3" x 49.2")  
 Folded: 105cm x 25.5cm x 7cm (41.3" x 10" x 2.8")

Dress up place

Equipment storage

Hanging wetsuit function

## BG-06

### Freediving Equipment Bag

Designed to carry freediving fins and wetsuits.  
 Ultra light-weight and durability.

#### FEATURES:

- Made with heavy duty 600D PU coated polyester fabric
- Foldable design to minimize the space and for easier storage
- Can be hung with wetsuit hanger along with the suit and the bag itself
- More space for equipment storage
